Call for Papers for the 6th International Symposium on Soft Computing for Industry (ISSCI)

The organizing Committee is pleased to invite you to submit papers to and attend the international World Automation Congress 2006 on ISSCI in Budapest/Hungary, July 24. - 27., 2006. ISSCI – the 6th International Symposium on Soft Computing for Industry aims to bring together scientists, developers and users of hard- and software applications in which the principles of computational intelligence techniques are involved. By providing a number of themed tracks (both fundamental themes and application areas), the Programme Committee has attempted to provide foci for scientific contributions while offering an opportunity to the participants to engage in stimulating discussions with colleagues who may have quite different application frames of reference.

Topics:

We solicit papers on theoretical issues and their applications related to Soft Computing Methods. Suggested topics include but are not limited to Theory and Software/Hardware Implementations of soft-computing techniques such as

Neural Nets,
Fuzzy Systems,
Fuzzy-Neural Systems,
Evolutionary Systems,
Genetic Algorithm

and all kinds of R&D, industrial, medical or financial applications of these methods.

Special Sessions:**Fuzzy Modelling**

Session Chair:

Kanos Botzheim, Hungary

Military Applications of Softcomputing Methods

Session Chair:

Tadjine Hamma, Germany

Intelligent Systems

Session Chair:

Gordon Lee, USA

Soft Computing in Space Applications

Session Chair:

Rita Almeida Ribeiro, Portugal

Papers and Submissions:

Authors are invited to submit full papers before January 20, 2006.

Each full paper submitted must contain the following information: full title of the paper, names and affiliations, complete address (including e-mail, fax, phone and phone of the corresponding author).

Further information about the layout of your papers, check the Author's Kit link on the left menu.

Special issues for International Journals:

The following journals can be reached to sponsor special issues based on WAC 2006 extended papers before or after the Congress in Budapest:

·The International Journal on Intelligent Automation and Soft Computing AutoSoft
(Official journal of WAC, going strong in its 11th year)

www.cybermesa.com/~js/autosoftmain.html

·International Journal on Computers and Electrical Engineering
(www.elsevier.com/locate/compeleceng)

·Intelligent and Fuzzy Systems (IOS Press, Netherlands)

·Journal of Intelligent Manufacturing

·Intelligent and Autonomous Systems

Registration:

Registration fee is US \$ 460 before May 10, 2006 and US \$510 after May 10, 2006.

Important Dates:

Submission of full papers until January 20, 2006

Acceptance: March 15, 2006

Camera-ready manuscripts and deposit payments due: April 15, 2006

Early Registration due date: May 10, 2006

Conference: July 24 - 27, 2006
